

Season of Rains: Africa in the World

By Stephen Ellis

C Hurst & Co Publishers Ltd. Paperback. Book Condition: new. BRAND NEW, Season of Rains: Africa in the World, Stephen Ellis, Most of what is written about Africa is framed in terms that have been out of date for years. Too often, it is seen as heading for either disaster or salvation; the realities are more subtle, more complicated than this binary opposition suggests. The continent has over the last century experienced the fastest population growth in the entire history of our planet. This brings pressures environmental and human, but it also changes the logic of Africa's economics. It suggests reasons for hope. Thanks to mobile phones, African retail markets are now becoming integrated; in South Africa, Nigeria and elsewhere, banking is penetrating society; foreign direct investment is higher than ever before. And Africa has 80 per cent of the world's empty agricultural land, which foreigners covet. Yet there is no reason to believe that Africa is heading for political stability. Its so-called 'failed states' are actually here to stay. After two centuries when Europeans and Americans thought of Africa as a continent struggling to catch up, it has arrived. It has developed, but in ways no one foresaw. Season...
