RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 36 pages. OCLC Number: (OCOLC)45816307 Subject: Medicare fraud. Excerpt: . . . However, they acknowledge that the current methodology generally assumes that all medical records received for review are valid and thus represent actual services provided. In addition, they agree that additional improper payments may have been detected had additional verification procedures been performed, such as (1) confirming with the beneficiary whether the services or supplies billed were received and needed and (2) confirming the nature of services or supplies provided through on-site visits and direct contact with current or former provider employees. Recognizing the potential for abuse based on past investigations - such as falsified certificates of medical necessity or where beneficiaries are not homebound , a requirement for receiving home health benefits - the OIG has included face-to-face contact with beneficiaries and providers when reviewing sampled claims associated with home health agency services. Further, during the course of our review, OIG officials stated that they will conduct beneficiary interviews when reviewing DME claims selected in its fiscal year 2000 study. However, according to OIG officials, they have not extended this or certain other techniques to the other numerous types of claims included in its annual review because they consider them costly and time-consuming. Accordingly, the OIG recognizes that the current methodology does not estimate the full extent of Medicare fee-for-service improper payments, especially those resulting from potentially fraudulent and abusive activity for which documentation, at least on the surface, appears to be valid and 9 complete. In fact, the OIG testified that its estimate of improper payments did not take into consideration numerous kinds of outright fraud such as phony records or kickback schemes. To identify potential fraud, the OIG also relies...
