Reviews

It is one of my personal favorite ebooks. It is probably the most awesome publication I have read through. You won't really feel monotony at any time of the time (that's what catalogs are for regarding in the event you check with me).

AN ELEMENTARY TREATISE ON ALGEBRA (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from An Elementary Treatise on Algebra The excellence of Bridge s Algebra, as an elementary treatise, has long been well known and extensively recognised. In the Preface to the Second Edition the author expressly states, that great pains were taken to give to it all the perspicuity and simplicity which the subject would admit of, and to present it in a form likely to engage the attention of young persons just entering on their mathematical studies. The design, which he thus proposed to himself, was accomplished with singular felicity, - for not one of the many publications on Algebra, which have during a period of forty years issued from the press, with the professed object of producing a more simple and appropriate introduction to the study of the science, has evinced such merits as justly entitle it to be placed in comparison with the performance of Mr. Bridge. These publications have accordingly failed to secure for themselves the same measure of public approbation.
