

Salt-Water Sweetned, Or, a True Account of the Great Advantages of This New Invention Both by Sea and by Land Together with a Full and Satisfactory Answer to All Apparent Difficulties (1684)

By Robert Boyle

Eebo Editions, Proquest. Paperback. Book Condition: New. This item is printed on demand. Paperback. 24 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. This book represents an authentic reproduction of the text as printed by the original publisher. While we have attempted to accurately maintain the integrity of the original work, there are sometimes problems with the original work or the micro-film from which the books were digitized. This can result in errors in reproduction. Possible imperfections include missing and blurred pages, poor pictures, markings and other reproduction issues beyond our control. Because this work is culturally important, we have made it available as part of our commitment to protecting, preserving and promoting the worlds literature. The below data was compiled from various identification fields in the bibliographic record of this title. This data is provided as an additional tool in helping to insure edition identification: Salt-water sweetned, or, A true account of the great advantages of this new invention both by sea and by land together with a full and satisfactory answer to all apparent difficulties Letter of Mr. Boyle to the learned Dr. John Beale . . . concerning fresh-water made out of sea-water. True account of the great advantages of...
